BSNL to give full coverage at Pullumedu

BSNL will have a full range coverage at Pullumedu from this January. This has been done in the wake of the increase in the number of devotees here, said BSNL sub-divisional engineer Jayaraj. A temporary tower will be established in the route and microwave medium will be used since the place has no cable connection. It is only up to Kunnar that the BSNL gives the signal. 13 towers have been made at Sabarimala so far by the BSNL. The re-charge facility has also been made at the BSNL Sannidhanam, Pamba, and Nilakkal offices.
